

## STEP 2: APPLICATION FOR CESS CERTIFICATION

Within a maximum of 3 years of the initial application, candidates submit their finalized online logbook for review. You can upload the different activities throughout the different years but SENDING/ SUBMITTING your logbook can only be done once you have documented all the required activities:

### 1. Professional Activities:

A minimum of 80 hours of clinical and/or academic work that were actively delivered (e.g., treating clients, supervising students, giving workshops, giving a Ba or Ma course on stuttering/cluttering, publishing articles):

- By uploading a Screenshot of 80 hours of clinical activity
- **AND/OR** by using Appendix A: Verification of Clinical Activity Form for 80 hours of clinical activity
- **AND/OR** by using Appendix B: Academic Work Overview.

Clinical work can include prevention, assessment, intervention, clinical supervision/mentoring trainees, referrals, consulting. The clinical work adheres to country-specific clinical guidelines, code of ethics and professional standards (see e.g., Royal College clinical guidelines).

Academic work can include lecturing courses on stuttering/cluttering, supervising Ba/Ma-theses on stuttering/cluttering, publications, presentations.

### 2. Continued Professional Development

A minimum of 35 hours of continued professional development activities (see Appendix C: CPD Activities).

These are activities that you have attended e.g., following courses, workshops, symposia, clinical supervision sessions. Examples of these activities are given in Appendix C. For each of these activities you must provide a) a summary and b) proof.

### 3. Discussion Groups on fluency disorders

A minimum of 10 hours of discussion group activities (see Appendix D: Discussion Groups).

This includes case discussions, article discussions, discussions on attended lectures, courses, journal clubs, SIGs, with a minimum of 2 people, preferably small groups, face to face or online.

The logbook submission deadline is September 1st.

The European Stuttering Specialists Board will notify applicants within a period of 2 months after application for certification.
